PROFESSIONAL PROFILE

Direct client sales and customer service support at leading national financial investment advisor with over \$10BN of assets under management (AUM). Utilize strong interpersonal skills to onboard new clients, initiate strong customer relationships, resolve customer complaints/questions, and provide concept training experiences.

While earning a Bachelor of Science Degree in Accounting as a full-time student at the University of Colorado at Boulder, also served as co-Director of university's Program Council which involved leading a twenty-five-person staff, booking and logistics management of large entertainment events, and responsibility for the Council's vendor relations, accounts payable, and payroll activities. Prior work experience included an audio engineering and design internship for an award-winning NYC-based broadcast media audio services provider.
